Site introduction

JVC Manufacturing (Thailand) Co.,Ltd.(JMT), manufactures color Television and Professional products. We acquire certificate of ISO 14001:1996 on June 19, 1999 and we acquire recertificate environmental system new version of ISO 14001:2004 on June 28, 2005. JMT Environmental Management System We are carrying out various activities to reduce the Energy consumption, Resource conservation and Pollution prevent are also seriously considered. And continual environmental improvement.

Environmental compliance administrator

Mr.Sa-noh Chucharoen

FY2005 Environmental Activities

Activities Carried Out : 1. Energy conservation : Improvement air condition efficiency by change fan coil, Reduce air compressor in night shift work, Continuous switch off lightings during break time, Continuous education to members to save energy 2. Lead consumption : Lead Consumption Management support in use lead free solder technology 3. Water Consumption : Reduce water pressure at the water tap, Used the recycle water for the garden in our company.

Products/Technology Information

LCD TV LT-Z26S2

LCD TV Size 26"

High Resolution W-XGA (1280x768 Pixel)

D.I.S.T Technology (Digital Image Scaling Technology)

2-3/2-2 Pull Down System

Super DigiPure System

Digital Video Camcorder (DV Camcorder) GY-DV5100U

12-bit A/D converter, 24-bit DSP for ultra low noise

Double tension tape transport accepts full & mini size cassettes (up to 276 minute record time)

800 TV lines (Camera)

16:9 / 4:3 recording capability

2.5-inch LCD with data or video display

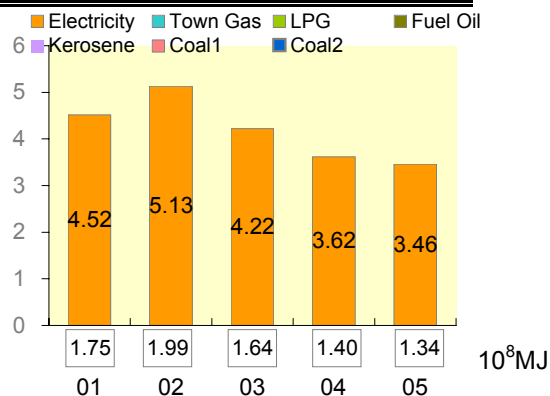

Direct docking with optional DTE hard disk module

Major Performance

* 05,2005: April 1,2004 - March 31,2005

Energy

Unit:1000kl

Natural Energy (FY2005)

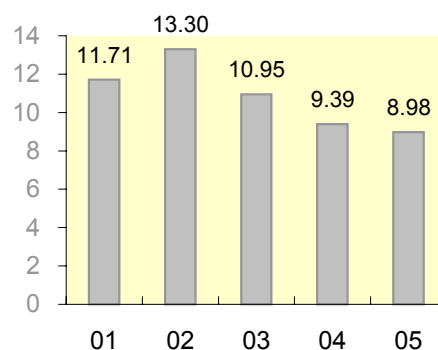

0.00 (1000kW/h)

[Calculation standards]

CO2 Emissions coefficients and units : Electricity Power = 0.687 kgCO2/kWh

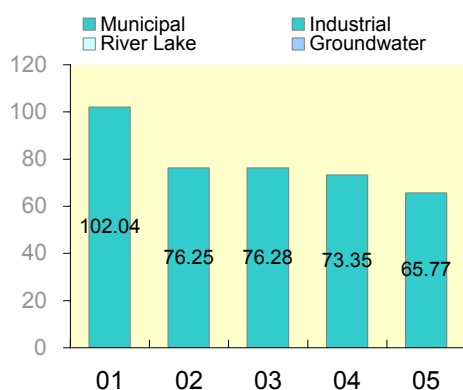

CO2 Emmisions

Unit:1000t-CO2

Electricity consumption decreased relates with of production factor.

Water

Unit:1000m³

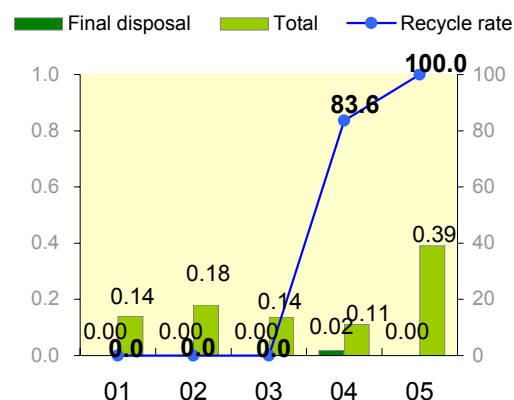

Circulated water

FY2005 0.00 m³

Used the waste water recycle for the garden.

Waste

Unit:1000t,%

Waste increased due to increase in to waste items. Recycle rate increased : Paper, Plastics, Glass, metal

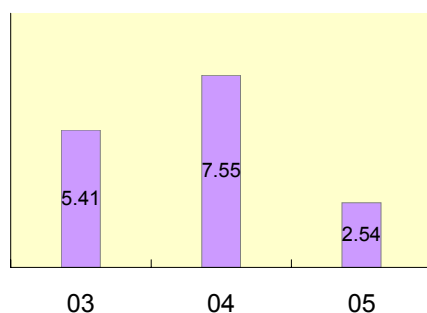

Chemical substances

This data has been disclosed data that globally execute 33/50 reduction plan

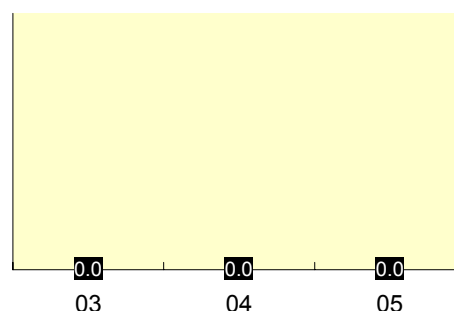

Unit:t

Handle

Released and Transferred

Chemical substance of soldering material (Lead and Lead Free)

Compliance

	Number of violation	Situation and countermeasure
Air	None	
Water	None	
Odor	None	
Noise/Vibration	None	
Others	-	

Policy

The company intends to comply with the ISO 14001 as follow :

- 1) Prevents and reduces pollution includes to continual improvement.
- 2) Prevents and reduces pollution includes to continual improvement.
- 3) Efficient resource use and energy saving.
- 4) Communicates to all employees.
- 5) Documented and available to the public.

Environmental Communication

The internal communication to reach Employees and subcontractor are through channels, for example, notice board RoHS requirement and Waste separate. The effective communication will encourage good participation and support
